

# MATH 392 Problem Set 2

## Exercises from the book

**7.2:** 1, 2, 3, 5, 8, 10

**7.3:** 6, 21

**7.4:** 5, 12

For 7.4.12, use the `prop_model()` function in the slides to visualize the prior and posterior distributions of statisticians A and B.
